## Objectives of Course

To provide the student with the knowledge of basic ArcGIS ArcView tools through hands-on experience in implementation and design of a simple GIS and Public Policy project.

## Prerequisites

Basic skills for using a Microsoft Windows-based PC

## Assignments and Grading

Your grade will be based on your completion of in-class lab assignments, mid session examination and a final paper and presentation.

Class participation, exercise completion – 25%

Mid-term examination – 25%

Final paper and presentation – 50%
